

FREE Will Writing Service

No Cost, No Catch, No Excuse

Making a Will is one of those things that many people put off. However, having a Will in place is an important way to protect your family and loved ones at the most difficult of times. It can also head off disputes about how your possessions should be divided and save on inheritance tax.

A Will is a legally binding document which tells everyone what you want to happen to your money, possessions and property – collectively called your 'estate' – after you die.

Embrace MAT and Estate Planning and Will Writing specialists Dunham McCarthy are able to offer you a free will writing service to help you plan for your future, protecting your family and loved ones.

The free service is provided remotely, either by telephone or video call, at a time to suit you. You will have an adviser to help you complete each step from start to finish.
